

A High Standard for Protecting People and Planet

Green Seal's Leadership standard means commercial adhesives are verified as safer for human health and the environment than similar products while delivering uncompromising performance.

Safer Chemicals

Acute Toxicity (Inhalation)	LC50 > 2,000 ppm of vapor / gas or 20 mg/L mist, dust, fumes
Ozone Depleting Substances	Prohibited above 1000ppm
Volatile Organic Compounds	VOC Content < level specified in CARB or SCAQMD for product type
Carcinogens	Prohibited above 1000ppm
Reproductive Toxins	Prohibited above 1000ppm
Persistent, Bioaccumulative, and Toxic Compounds	Prohibited above 1000ppm

Sustainable Packaging

Product Packaging	Must be resealable after the first use unless single-use
Shipping Packaging	Must be reusable, recyclable, or reconditionable
Corrugated Shipping Packaging	Must contain a minimum of 30% postconsumer recycled content

Verified Performance and Claims

Product Performance	Products must demonstrate an effective level of performance following industry standards.
Marketing Claims	Green Seal trademarks cannot be used in conjunction with any claims that might mislead consumers as to the extent or nature of certification
